Did You Know...

- John Jay, the first Chief Justice and one of the primary writers of our Constitution, wrote, "It is the duty... of our Christian nation to select & prefer Christians for their rulers."
- the state of Delaware (as well as several others) required office holders to take an oath affirming their Christian faith before they could take office.
- the Congress in 1782 approved the use of the Bible in our school. And, they even paid for them with tax dollars.
- in 1844, when someone tried to sue for having the Bibles in schools, the Supreme Court ruled: "Why should not the Bible, and especially the New Testament, be read & taught as a divine revelation in the schools? Where can the purest principles of morality be learned so clearly or so perfectly as from the New Testament?"
- that the first Continental Congress went to their knees to pray to God and ask for discernment when discussing and debating the Declaration of Independence.

Wouldn't it be wonderful if our president, our congress and our Supreme Court would get down on their knees and ask, "God, what do you want for this nation?" How our nation has changed.
